

Environmental Policy

Statement: This statement is issued in accordance with Croydon Council's Green Commitment. This policy represents the agreed principles for Green working throughout the services provided by Acorns 2 Oaks Ltd (A2O). The staff, managers and Trustees have agreed this policy. Writing this policy in consultation with all staff clarifies the arrangements made and makes them know by all. This process also provides for a document to be consulted later by others such as visitors and contractors. This policy is reviewed annually.

Aim: We aim to provide an environmentally friendly service for everyone. All Partners of A2O will be expected to have regard for this policy and its procedures.

Methods: The general policy is that the trustees and staff of A2O are committed to:

- ✓ Reducing our consumption of non-renewable resources
- ✓ Using local resources where possible
- ✓ Avoiding the waste of water
- ✓ Recycling and re-using when possible
- ✓ Put litter in an appropriate bin
- ✓ Encourage the use of Public transport, walking and cycling
- ✓ Turn off the lights and other equipment at the end of the day

This policy will be reviewed when changes arise. A copy of this policy can be obtained from the Nursery Offices or downloaded via our website.
